

shown, including cycle handlebar end stops in black rubber at 9d. per pair.

ABERDALE CYCLE CO., LTD.....41
THREE models, the "Cheetah," priced at £8 18s. 6d., the "Gazelle," at £11 12s. 6d., and the "Antelope," at £15 12s. 6d., are the three newcomers to the Aberdale range. With a semi-upright frame, the "Cheetah" possesses an interesting specification, including a Sturmey-Archer AR 3-speed hub. The "Gazelle" has a wheelbase of 39½ in., and an upright frame built of "551" tubing. Wing nuts, seat pillar, handlebars and stem are all of Hiduminium, the wheels are Dunlop lightweight rims with High Pressure, built-on "Airlite" hubs, and a choice of saddles is offered.
