

*Aberdale model with  
luggage boot and  
control handle*

## *Improved Juvenile Cycle*

**L**AATEST model tricycle by the Aberdale Cycle Co. Ltd., Bridport Road, London, N.18, is the Gresham Flyer de Luxe. This really should make an appeal to parents as an ideal gift for a youngster, for it incorporates two unusual features of special interest.

Specification and design generally are based on the Gresham Flyer. At the rear of the seat is a large boot which can be used for carrying school books or is roomy enough to accommodate parcels. It is thus useful when the child accompanies its parent on a tour of the shops.

Another feature that should save many parental worries is the fitting of a tele-

scopic handle at the rear of the machine. This enables an adult to provide propulsion assistance when necessary up hills, or retardation down hills, and is a valuable safety device for enabling the parent to maintain adequate control and supervision in congested areas or at traffic crossings. Normally lying out of sight at the rear of the machine, the handle pulls out to a height convenient for use without bending.

Other features of the machine include leather saddle, ball bearing hubs, pneumatic tyres, rim brake and totally enclosed chain, finish being in red, black or powder blue.

### *B.S.A. Director Retires*

**H**ELD in high esteem in trade circles in many parts of the world, W. F. Janes last month retired after 41 years with B.S.A. Cycles Ltd., of which he had been a director since 1935.

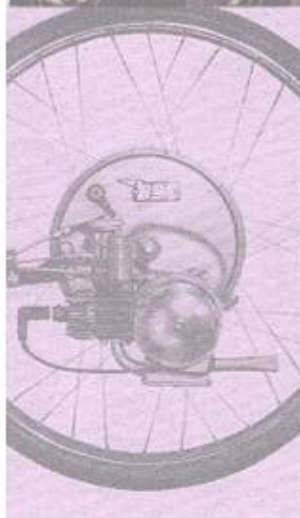

Joining B.S.A. in 1906, Mr. Janes was appointed secretary of B.S.A. Cycles Ltd. and B.S.A. Guns Ltd. in 1919. Eight years later he became secretary of the parent company, a position he relinquished in 1930 on his appointment as assistant to the then managing director of the cycle

and gun companies. His promotion to the board of directors of B.S.A. Cycles Ltd. was followed, in 1944, by a similar appointment with Ariel Motors Ltd.

### *DOVER JUBILEE*

**W**ELL known as makers of cycle accessories, Dover Ltd., Northampton, this year celebrate their golden jubilee. An employees' dinner was held in May, and an attractive brochure produced gives details of the firm's 50 years' history.
