More Records.—The month of November has been **Messrs. The Monovo Co.**, of Stewarts Road, London, S.W., wish us to point out that the various

those traders who missed seeing these goods at 18...
ton should make a point of calling at Messrs. Watson's
warehouse.

Messrs. Bluemel Bros. have now introduced new fittings for the winter-width mudguards. These are far stronger than the old stays and brackets, which, owing to the extra width of the guards and the hard work they had to do, were subject to some excessive stresses. It is an example of the additional popularity of cycling as an all-the-year-round pastime that these special guards are enjoying increased sales each winter.
