 15, GT. JAMES STREET,  
 Bedford Row, London, W.C.1

Telephone: HOLborn 9608-9.      Telegrams: "Bictupress Holb, London."  
 Edited by W. J. MILLS

---

NO "SIGNS"

under saddle is 1s. 6d. The cost for fixing long-type battery to down tube cost 8d. per pair.

### The Cyc-Auto

The growing popularity of the Cyc-Auto indicates that it has a definite appeal, and many cyclists may find that it will serve a very useful purpose. The Cyc-Auto is made by Messrs. Bright and Hayles, of 78, Church-street, Camberwell.

It is undoubtedly a well-made machine, and has a neat appearance. The price is surprisingly low, £16 16s., and with tax of 12s. and insurance at 7s. 6d. it is by no means an expensive addition to the cyclist's stable.
