WARNING!

We found it necessary on a previous occasion to inform the buying Public that certain Cycle Dealers were practising a Series of Frauds by inserting imitation Air-Tubes in DUNLOP-WELCH Covers and Selling the Air-Tubes as genuine Dunlop Air-Tubes. We find that this nefarious practice is still carried on among many unscrupulous Cycle Dealers, and we would therefore emphasize the statement that we made previously, that EVERY DUNLOP AIR-TUBE BEARS OUR REGISTERED TRADE MARK, AND THAT NO AIR-TUBE IS A GENUINE DUNLOP AIR-TUBE WITHOUT IT. Every Person who purchases a Machine fitted with

DUNLOP TYRES

should be convinced that they are genuine. Every DUNLOP Air-Tube, and also every DUNLOP-WELCH Cover bears our REGISTERED TRADE MARK. If you have any doubts about the genuineness of your Tyres, have them displaced before completing your Purchase, or obtain a Written or Verbal Guarantee that the Tyres are genuine throughout. This will prevent the perpetration of A FRAUD on yourself and safeguard our interests as well.
