The Englebert "Club" Tyre

ILLUSTRATED on this page is a section of the Englebert "Club" tyre, one of the most attractive products of Messrs. Englebert Tyres, Ltd. All tyres manufactured by this firm conform to a high standard of excellence, and the "Club" can be taken as a typical example. It is a new Englebert production, designed specially for club riders who require speed with safety and durability. The walls are transparent amber coloured and the tread black. The tyre is available in two sizes, 26 x 1½ and 26 x 1¾, and wired only. It is guaranteed for eighteen months and the price is 6s. 9d.

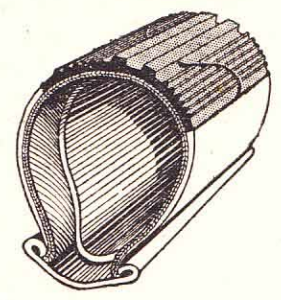

Eight other tyres are listed in the firm's current catalogue. The "A.D." model is interesting, for it is claimed to be a "perfect non-
