Britain acclaims it —the Empire needs it

620 *Suitable for Lady & Gentleman*

The Famous JAMES Autocycle de Luxe has set a standard in motorised bicycle comfort and performance that has not been equalled. Its popularity throughout the British Isles has been phenomenal, and is increasing. Throughout the Empire and in many foreign countries the Famous JAMES Autocycle de Luxe has 'caught on' because of its extreme reliability combined with all the convenience of cycling without the fatigue of pedalling.

Petrol consumption is negligible—over 120 m.p.g., and speeds up to 30 m.p.h. can be attained, while a cruising speed of 25 m.p.h. can be maintained over long distances. The Famous JAMES Autocycle de Luxe is the most convenient and cheapest means of mechanical transport. Two models are available: De Luxe and Standard. Write for fully descriptive literature

BRIEF SPECIFICATION—

98 c.c. Villiers de Luxe 2-stroke engine, with flywheel magneto for ignition and lighting. Handlebar-operated clutch. Specially designed frame and forks to ensure easy and comfortable riding position. Internal expanding hub brakes. Large multi-sprung saddle. All bright parts chromium plated. De Luxe model complete with speedometer and other refinements. Both models are complete and ready for the road.

—designed and built by
