# Spares and Repairs

For the convenience of owners, James Spares Stockists are appointed for most districts and customers are recommended to always apply to their nearest stockist. A list of stockists can be obtained on application (please enclose stamped and addressed envelope for reply).

When ordering spare parts always quote the full part number and description, as well as the engine and frame number of the machine. Most parts are clearly illustrated in this list, but if in any doubt owners are advised to produce the original part as pattern, and to quote their full engine and frame numbers to enable identification.

Instructions regarding repairs should be clear and definite, otherwise the cost may be greater than expected. We shall be pleased to give estimates for repairs if parts are sent to us for that purpose. If the estimate is accepted, no charge will be made for the preliminary examination, but should the owner decide not to have the work carried out, a nominal charge may be made to cover the cost of whatever work may have been done to prepare the estimate. Parts sent to us as patterns or for repairs, should have attached to them a label with the sender's full name and address. Instructions regarding such parts should be sent separately.

Customers wishing to retain old parts which are replaced during overhaul or repair, should state so before work commences, as normally such parts are scrapped upon removal.

If it is necessary to bring a machine, or parts, to the works for an urgent repair, it is essential that an appointment be made beforehand. This can be done by letter or telephone, and will avoid disappointment.

Orders should always be sent in list form and not as part of a letter.

When writing on a technical matter always quote your engine and frame numbers. A space is provided below for easy reference.

MODEL No.	
ENGINE NUMBER	FRAME NUMBER

NOTE: Model numbers in this list have been abbreviated by omitting prefix letter "J": e.g. model JB Captain de Luxe is referred to as model "B"

## SPARES STOCKISTS

For the convenience of owners, Spares Stockists are appointed for most districts. To save delay and the delivery surcharge, customers are strongly advised to obtain their requirements from their nearest Spares Stockists.

When corresponding regarding Service or Spares ALWAYS QUOTE the complete engine and frame numbers of your machine. If in any doubt regarding the part number of any component send old part as pattern.

\* Manufacturer's current price.

## IMPORTANT

ORDERS FOR SPARE PARTS SHOULD ALWAYS BE SENT IN LIST FORM ON ONE SIDE OF A SHEET OF PAPER AND NOT AS PART OF A LETTER.

THE COMPLETE ENGINE AND FRAME NUMBERS AS WELL AS PART NUMBER AND DESCRIPTION SHOULD BE QUOTED ON EACH ORDER.

OLD PARTS SENT AS PATTERNS WILL BE SCRAPPED UNLESS CUSTOMER SPECIFIES OTHERWISE.

The James Cycle Co. Ltd.  
April, 1954

Note: We reserve the right to alter any prices in this list without notice.

## JAMES SERVICE FACILITIES (U.K. ONLY)

**ENGINE :** When a complete engine overhaul becomes necessary, we will accept the old engine in part exchange providing it is complete with gear box, magneto and carburetter to normal specification, and supply a fully reconditioned unit in part exchange.

Price : 8E or 7E ... .. £24 0s. 0d. (4-speed £28 0s. 0d.)

**CYLINDER :** When a rebore is required, owners may exchange their old cylinder barrel for a reconditioned barrel complete with new piston and rings, providing old cylinder is clean and may be bored to .030" oversize.

Price : 8E or 7E ... .. £2 14s. 6d.

**CRANKSHAFT :** When a big end replacement is necessary, we will supply a reconditioned crankshaft assembly in part exchange for the original assembly.

Price ... .. £3 1s. 9d.

**CLUTCH RECORKING :** New clutch cork inserts will be fitted into existing plates providing plates are in good condition, at the following rates :

Recorking clutch sprocket or clutch plate ... .. 4/6 each

**CARBURETTER :** A reconditioned carburetter can be supplied for the old one complete.

Price ... .. £2 0s. 0d. Air filter extra at list price.

**MAGNETO :** Fully reconditioned magneto units including flywheel, backplate, coils, contact breaker, condenser, etc. can be supplied in exchange for discarded units complete.

Price ... .. £6 3s. 6d.

**FORKS :** When replacement fork bearings are required, we will fit and line reamer new bearings. The fork "H" assembly and steering stem only should be sent to the works. If the complete forks are returned, an additional charge will be made for dismantling.

Reconditioned fork "H" with new bearings ... .. £2 2s. 0d.

Complete replacement forks ... .. £5 0s. 0d.

**BRAKE LININGS :** An exchange service for brake shoes with new liners is available. The old brake shoes and liners should be returned complete.

Part exchange price ... .. 6/6 pair

## THE JAMES GUARANTEE AND CONDITIONS OF SALE.

We give the following guarantee with our motor cycles, motor cycle combinations, and sidecars, including all accessories and component parts other than tyres, saddles, chains, and lighting and electrical equipment, and other than accessories and component parts supplied to the order of the Purchaser and differing from those comprised in the standard specifications supplied with our motor cycles, motor cycle combinations and sidecars, but including accessories and parts supplied by way of exchange as hereinafter provided. This guarantee is given in place of any implied conditions or warranties or any liabilities whatsoever statutory or otherwise; no guarantee except that hereinafter contained and no conditions or warranty whatsoever statutory or otherwise is given or is to be implied, nor are we to be under any liability whatsoever except under the guarantee hereinafter contained. Any statement, description, condition, or representation contained in any catalogue advertisement, leaflet or other publication shall not be construed as enlarging, varying or overriding anything herein contained. In the case of machines (a) which have been used for "hiring out" purposes or (b) any motor cycle and/or sidecar used for any dirt track, cinder track or grass track racing or competitions (or any competition of any kind within an enclosure for which a charge is made for admission to take part in or view the competition) or (c) machines from which the trade mark, name or manufacturing number has been altered or removed or (d) any machines in which parts have been used not supplied by or approved by the motor cycle manufacturer, or (e) any machine from which the silencing system as fitted by the manufacturer has been partially or wholly removed or interfered with, no guarantee, condition or warranty of any kind statutory or otherwise is given or is to be implied nor are we to be under any liability whatsoever in respect of any such machine.

We guarantee, subject to the conditions mentioned below, that all precautions which are usual and reasonable have been taken by us to secure excellence of materials and workmanship, but this guarantee is to extend and be in force for six months only from date of purchase, or date of exchange in case of any accessory or part supplied by way of exchange as hereinafter provided, and damages for which we make ourselves responsible under this guarantee are limited to the free repair of or supply of a new part or accessory in exchange for the part of the motor cycle, motor cycle combination or sidecar or accessory which may have proved defective. We undertake, subject to the conditions mentioned below, to make good in manner aforesaid any part or accessory covered by this guarantee which has proved defective within the said period of six months. We do not undertake to replace or refix, or bear the cost of replacing or refixing any such new part or accessory in the motor cycle, motor cycle combination or sidecar. As motor cycles, motor cycle combinations and sidecars are easily liable to derangement by neglect or misuse, this guarantee does not apply to defects caused by wear and tear, misuse or neglect.

The term "misuse" shall include, amongst others, the following acts:

1. The attaching of a sidecar to a motor cycle in such a manner as to cause damage or calculated to render the latter unsafe when ridden.
2. The use of a motor cycle or of a motor cycle and sidecar combined, when carrying more persons or a greater weight than that for which the machine was designed by the manufacturers.
3. The attaching of a sidecar to a motor cycle by any form of attachment not provided, supplied, or approved by the manufacturers, or to a motor cycle which is not designed for such use.

We do not guarantee tyres, saddles, chains or lighting and electrical equipment or any accessories or component parts supplied to the order of the Purchaser differing from those comprised in the standard specifications supplied with our motor cycles, motor cycle combinations or sidecars. As regards all such tyres, saddles, chains, lighting and electrical equipment, accessories and component parts, no guarantee condition or warranty of any kind statutory or otherwise is given or is to be implied, and we are to be under no liability whatsoever in respect thereof.

### CONDITIONS OF GUARANTEE.

If a defective part or accessory should be found in our motor cycles, motor cycle combinations or sidecars, or in any part or accessory supplied by way of exchange as before provided, it must be sent to us CARRIAGE PAID, and accompanied by an intimation from the owner that he desires to have it repaired or exchanged free of charge under our guarantee and he must also furnish us at the same time with the number of the machine, the date of the purchase or the date when the alleged defective part or accessory was exchanged as the case may be.

Failing compliance with the above, such articles will lie here at THE RISK OF THE OWNER, and this guarantee and any implied guarantee, warranty or condition shall not be enforceable.

### REPAIRS.

Any motor cycle, motor cycle combination or sidecar sent to us to be plated, enamelled or repaired will be repaired upon the following conditions, i.e., we guarantee that all precautions which are usual and reasonable have been taken by us to secure excellence of materials and workmanship, such guarantee to extend and be in force for three months only from time such work shall have been executed, and this guarantee is in lieu and in exclusion of all conditions and warranties statutory or otherwise and all liabilities whatsoever and the damages recoverable are limited to the cost of any further work which may be necessary to amend and make good the work found to be defective.
