Taking the Road to Recovery

There'll be many proud owners overseas when these two new Mercury export models start playing their part in the country's export drive! The Streamlined Boy's Roadster is certain to win precious dollars, and the Gent's Comfort Roadster is a standard model of proved popularity, designed for world-wide conditions. With hand-brazed frames of best

English steel, they are strongly built, durable, smooth running, attractive in appearance—fine example of British craftsmanship! Write for quotations and full specifications.
