PHILLIPS

MAKERS OF FAMOUS BICYCLES

AN EXPORTER'S

Phillips ascribe their half-a-century's World-wide reputation to
—The Art of Knowing HOW

- to produce specialised types of Cycles, not only to suit the individual tastes of widely - divergent nationalities, but to stand up to varying conditions of roads and climate,
- to pack scientifically to MINIMUM Freightage bulk,
- to facilitate despatch from Phillips huge works, to ultimate destination in the most distant parts of the World.
