**SUPER SPORTS**

**MARK III**

# The World's finest MO-PED

## SPECIFICATION

**Engine:** Sachs 50 c.c., output 1.6 b.h.p., Bosch flywheel magneto dynamo.

**Gearbox:** Two-speed or three-speed to choice.

**Ignition and Lighting:** 6-volt magneto dynamo, 15-watt with dipper switch, engine cut-out and electric horn.

**Silencer:** Detachable.

**Controls:** Twist grips for throttle and gear control.

**Fuel Tank:** Detachable Petrol Tank with filter and reserve tap. Capacity  $1\frac{1}{2}$  gallons. Finished in chromium, highly polished.

**Frame:** Ultra-modern, streamlined, pressed steel frame combining lightness and strength.

**Forks:** Pressed steel type with leading link front suspension.

**Wheels:** 23" x 2.25" white walled tyres on chromium plated steel rims.

**Brakes and Hubs:** Full width Sachs Hubs, detachable Hub spindles. Rear brake operated by simple back-peddalling. Front brake operated by cable from handlebar.

**Handlebars:** Pressed steel scooter type.

**Saddle:** Luxurious cushion type saddle, plastic covered, fitting over compartment for luggage and tool kit.

**Rear Wheel Suspension:** Swinging arm suspension for comfort and improved road holding on rough roads.

**Mudguards:** Broad type with built in valanced sides. Chain totally enclosed, removal of four screws permits access to all important engine parts.

**Consumption:** Up to 160 m.p.g. (according to road conditions) i.e. less than  $\frac{1}{4}$ d. per mile.

**Equipment:** Stand with retracting spring. Tool kit. Luggage carrier with spring-up securing clip. Speedometer with mileage recorder built in to headlamp. Electric horn. Reflector. Rear Lamp. Number plates. Steering head lock with keys. Luggage compartment under saddle. Reflector in pedals.

**Finish:** Blue/grey, red/grey.
