

JANUARY 1970

RALEIGH INDUSTRIES LIMITED

MOPED SPARE PARTS

TRADE PRICE LIST

*(RETAIL PRICE LIST DISCONTINUED AND ALL PREVIOUS
LISTS CANCELLED.)*

Covering the following models:

MOPEDS

RM.4/5/6/8/9/11/12, PM.1/2, NM.1/2, WISP.

MTP 402

INSTRUCTIONS FOR ORDERING

The following information should be provided with each order for spare parts:-

1. Part number (e.g., MTA 123) and description and quantity of each spare part required.
2. Model of machine and colour in cases where there is any doubt regarding the correct part number.

SELLING UNITS

All items are classified by 'selling unit' and our computer will invoice such units only.

Items of small value are stocked and invoiced in units of 10 or 100. Some items are sold only in pairs.

Please check the correct selling unit on all your orders to avoid the possibility of quantity errors.

Example:- For selling unit 'Per Ten'.

1. It is not possible to order a quantity of less than ten of this part.
2. If you require ten, please do not order 10 or you will receive 10 packs of 10. The order in this case should be for 1 only.

NOTE:- This is a trade price list. In cases where we are requested to recommend a retail price we consider that 50% added to the trade price of a part gives a reasonable figure. This is the price which we would recommend.

We reserve the right to alter or vary the specification of parts herein listed without prior notice.

The terms issued from time to time by our Motorised Division and the Conditions of Sale in our Guarantee apply.
