This Moped Spare Parts Trade Price List should be used in conjunction with the Illustrated Spare Parts List issued for each individual model.

The following information should be provided with each Order:—

1. Part number (e.g. MTA 123) and quantity of each part required.
2. Model and year of manufacture of the machine and the colour of the part, in cases where there is any doubt regarding the correct part number.

The 'Selling Unit', when shown as 'pair', '10', or '100', is the minimum quantity in which an item is cartoned and supplied. Please note that cartoned quantities cannot be split.

We recommend that 50% be added to the figures shown in this list to arrive at retail prices, but this will not include any labour charges incurred.
