

# Hold everything

'till it's  
time to  
take the  
covers  
off

**WISP**

The wraps are coming off any day now . . . You'll see the little beauty in all her glory . . . You'll see in a flash what an impact she's going to make on the market . . . And you'll get a wealth of wonderful sales aids to make your finest money-spinner in 1967 . . . and well into the '70s too. What is it? Patience, patience. Wait for April 14th.
