Wisp is fabulous—all fun, no fuss. So easy to ride, all you do is sit there and enjoy the feeling of flying—yet you're always in complete control. Wisp is so responsive, so manoeuvrable—and so easy-going. Nips through traffic, parks anywhere, makes shopping a joy-ride and local trips a breeze. Ignore the engine—it's been proved over millions of miles. Just jump on and start living!

Wisp is fully automatic—no gear lever needed. Cruises at 20 m.p.h., accelerates to over 25 m.p.h. without fuss. Does 150 miles to the gallon. Can't stall, even taking 1-in-9 hills. Wisp does everything, goes everywhere, parks anywhere. Big safe brakes, big bright lights, easy height adjustment, loads of special features. A great way to get around!

Brief Specification

Wisp has no gear lever. An automatic clutch does the work. It nips along at a steady 20 m.p.h. accelerates to 25 m.p.h. and keeps going for 150 m.p.g. Its 49.9 c.c. 2-stroke engine has a chrome-plated bore for long life and complete reliability—even up a 1-in-9 hill. Can't stall. Highly manoeuvrable. Parks anywhere. Big safe brakes. Big bright lights. Adjustable handlebars and saddle. Capacious carrier. Call at your WISP dealer and check on the scores of other exciting features.
