Toe Straps	7
Tubes	41-42
Tyres	41-42

The STECO company of Holland have evolved a unique nickel plating process which provides a better quality product.

First process	Sulphur-free semi-bright nickel layer.
Second process	"Tri-Ni" nickel layer with 0.1% - 0.2% sulphur.
Third process	High bright nickel layer.
Fourth process	Microporous, fine non-metallic nickel layer.
Fifth process	Chrome plating.

Dutch "Corrodekote" tests show that this nickel plating process prevents open-air corrosion for a period up to 3 years.

26" Rear Carrier.

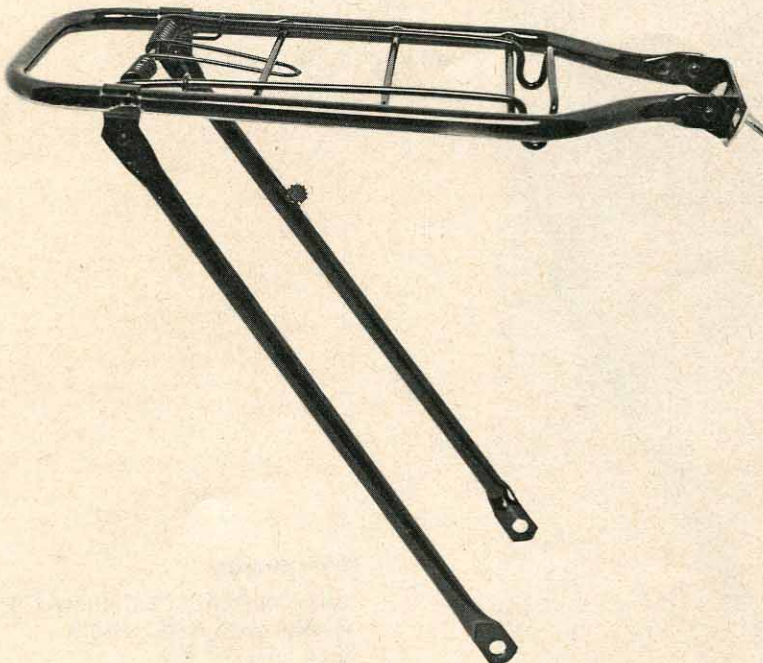

Rolled 13 mm tubular steel.
Spindle fitting.

Also available in 20" version.
