TERMS OF BUSINESS

ONLY THE TRADE SUPPLIED

CATALOGUE PRICES

The prices shown in this Catalogue are the latest at the time of printing, but as they are continually fluctuating, it must be clearly understood that they are subject to alteration without notice, and goods will be invoiced at the prices ruling at the date of despatch. While every care has been taken in compiling this Catalogue, no responsibility can be accepted for errors.

PROPRIETARY LINES

Proprietary lines are sold subject to the re-selling Agreements in force by the Manufacturers being strictly adhered to by customers, and the acceptance of the goods will be treated as an acceptance of these conditions.

OPENING ACCOUNTS

Customers desirous of opening Credit Accounts should furnish two trade references. When no credit account has been opened, cash with order will avoid delay in despatch of goods.

REMITTANCES

Cheques, Money Orders, etc. should be made payable to W. G. CHEESE LTD. and crossed. No receipt recognised unless on our numbered and official forms.

SETTLEMENT TERMS

3 $\frac{3}{4}$ % for cash seven days from date of invoice. 2 $\frac{1}{2}$ % for monthly account, payable on the 30th day of month following date of despatch, except where invoices are marked NETT. All accounts under £1 strictly nett. Default in payment against any invoice upon due date shall entitle us without notice to immediate payment of Nett Trade prices as shown in this Catalogue, for all goods subsequent to the date of the invoice upon which default is made and still unpaid for.

ORDERS

The right is reserved to refuse any order given to a representative and no special terms of payment can be recognised unless confirmed in writing mutually.

Orders for goods to special requirements are accepted on the understanding that when such goods are in process of manufacture, or have been specially obtained, cancellation cannot be accepted. In the case of orders for special goods no guarantee can be given or responsibility taken.

All quotations, contracts, delivery promises, are without engagements or responsibility.

It must be distinctly understood, and is a condition of sale, that in regard to all goods sold, no liability is undertaken for consequential damages of any description. No guarantee is given with any goods, but replacements will be obtained from the manufacturers on behalf of customers, if at all possible. Telephone or Telegraph Orders should always be confirmed in writing, the same day, and marked "Confirmation". (If not so marked, responsibility cannot be accepted if the order is duplicated.)

Acceptance of cancellation of orders by telephone cannot be guaranteed.

TERMS OF BUSINESS *{continued}*

CARRIAGE

Until further notice **orders of £4 value** and upwards sent carriage paid by Goods Train in Great Britain or free delivery by our own van when possible.

Certain goods must of necessity be excepted on proprietary lines supplied according to the Manufacturers' terms and conditions and some of these included in the exceptions are:—**Accumulators, Acid, Carbide and Distilled Water.** This list of exceptions may be altered or added to from time to time with or without notice.

COMPLAINTS, SHORTAGES, AND RETURNS

No claims for errors, deficiency, or allowance can be entertained unless made immediately upon receipt of goods or Invoice. Reference No. and date of invoice must always be quoted. Goods correctly despatched to customer's order cannot be returned except by arrangement, and right is reserved to refuse to accept the return of such goods. If by arrangement goods are returned, advice must be sent giving reason for returning, date and Invoice number upon which charged. Unless these conditions are complied with credit will not be passed. No returns will be accepted unless they arrive Carriage Paid. Customer's name and address must in all cases be enclosed with returned goods for identification purposes.

PACKING AND TRANSIT

Boxes, Cases, etc. are charged at cost price and will be credited in full (unless invoice is marked "Not Returnable") if returned in good condition, carriage paid home and advised **within fourteen days** of despatch of goods. All goods are carefully packed and consigned in good condition. They are signed for as such by the Carriers who are then responsible. In the event of any goods arriving short or in bad condition, it is necessary for customers to sign for them as "Damaged" or "Unexamined" on the Carrier's sheet and claim from the Carriers. All claims for loss or damage in transit must be made **within three days** from receipt of goods or claim may not be recognised.

FOR THE USE OF THE TRADE

The information on this sheet is for the use of the Trade only, and should not be open to view by the customer.

The usual style of Pricing System, showing Trade and Retail Prices, is shown in this Publication.

Trade Prices are given in code and are indicated by the numbers which follow the List Numbers. To find the Trade Price, read the last two figures as pence, the remainder as shillings.

THUS:—

Page 9	B195/304	each 5/-
		Indicates B195			
		Trade Price 3/4		Retail Price 5/-	
Page 20	C23/1608	each 25/-
		Indicates C23			
		Trade Price 16/8		Retail Price 25/-	

Where there is no concealed price like the above examples, a discount is indicated by an Initial Letter, following the List numbers, which shows the percentage discount off the retail prices.
