Sharp's change name to Bond Cars

Sharp's Commercial, of Preston, has changed
its name to Bond Cars Ltd. All representations,
applications, orders, certificates, contracts, de-
liveries, payments and the like will continue
to apply to the company under the new com-
pany name.

This is purely a name change not, says Bond,
affecting the company in any other way; it will
bring it more into line with the company's
products, will take advantage of the registered
trade mark Bond, and will simplify all business
contacts, particularly in overseas markets.
