

NEVER MIND WHAT WE SAY . . .

JUST LOOK AT THESE EXTRACTS

from some of the thousands of testimonials sent to us spontaneously by enthusiastic Cyclemaster owners. The original letters may be seen at our office at any time during office hours.

Cyclemaster is a complete back wheel which goes in place of the back wheel of your pedal bicycle. It embodies a powerful motor which takes you 250 miles on a gallon of petrol at 20 m.p.h. if you wish. The drive is positive, through chains—not by friction on the tyre. As the centre of gravity is

lowered, cycling becomes safer, and risk of damage to the engine is reduced.

£27/10

including special wheel and tyre and new back-peddalling brake (coaster type).

NOT THE SLIGHTEST TROUBLE
My Cyclemaster has taken me to work through snow, ice and rain, without the slightest trouble. I have ridden 1,100 miles and am getting 28½ m.p.g.—
H.E.H., Liverpool.

A GODSEND TO ME
I am an invalided ex-serviceman and my Cyclemaster has been a Godsend to me. Most important of all I am able to get to work and home without feeling worn out.—J.M., Guildford.

AN ARTHRITIS VICTIM
Your splendid engine is a boon to all who suffer as I do from arthritis, and I shall not hesitate to make this known to others. Also your service is prompt and generous.—J.S., Billington, Lancs.

BETTER THAN A BEST FRIEND
I have owned a Cyclemaster for nearly a year and it has been better than a best friend to me. I marvel at the power and reliability contained in so small a unit.—
D.L.R., West Hartlepool.

14 STONE PLUS TOOLS
My Cyclemaster is fitted to my trade bike and has been ridden daily through snow, slush and rain, to say nothing of frost. It has carried 14 stone of me plus a load of tools.—C.L.E., Hadleigh.

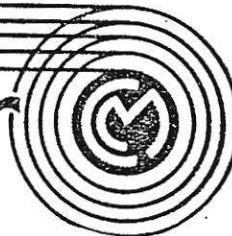

SHOPPING IN ALL WEATHERS
I use my Cyclemaster for shopping and it has not given me a moment's trouble. I am middle-aged and find myself perfectly happy on it because it is so easy to manipulate.—F.H., Leamington Spa.

73 YEARS OF AGE
My Cyclemaster is in daily use and I find it all and more than you claim for it. I am 73 years of age and have been a motorist for 50 years.—
T.S.C., March, Cambs.
