IceniCAM Information Service

Cyclemaster brings enjoyable inexpensive motoring within reach of all. A simple powerful 25 c.c. motor embodied in a wheel takes the place of your own cycle back wheel. Drives through chains and does not wear tyre by friction. Two simple controls for clutch and throttle. Imperceptible vibration or noise, no fumes. Speed 20 m.ph., 250 m.p.g. **£27/10/0** inclusive of specially strengthened wheel and tyre. Over 600 appointed U.K. Dealers.
