The Secretary, October 4, 1906.
The Cycle & Allied Trades' Association,
40, Bayley Lane, Coventry..

Dear Sir,

We have pleasure to enclose herewith a copy of our 1907 price list, and to draw your attention to the fact that in response to the representations made by certain branches of your Association during the past season, we have substantially increased the margin between the trade and retail prices, so as to secure to the agent a larger profit. The enclosed list, being a trade list, contains prices of tyres and rims inclusive, but a retail list, which will be issued later on, will, of course, show prices of the tyres minus the rims. Taking the standard size of 28 by 1 3/4 in., the comparison with last year's price without rims is 34/6 per pair 1906, 37/6 per pair 1907.

We trust that you will be good enough to bring this advance to the notice of your various branches.

Yours faithfully,

p.p. The Dunlop Tyre Co., Ltd.,
L. M. Bergin, General Manager.
