Extract from "Cycling," June 24th, 1908.

"A marked revival in the popularity of the tandem, especially of the lady-back type, is apparent this season. A very large number of tandem tourists have been noticed on the road during the last week or so."

We have specialised in Tandems during the past 30 years, and the attention to detail, poise, and construction, and the vast improvements made in the James Tandem, stamp it the finest two-machine of the present day.
