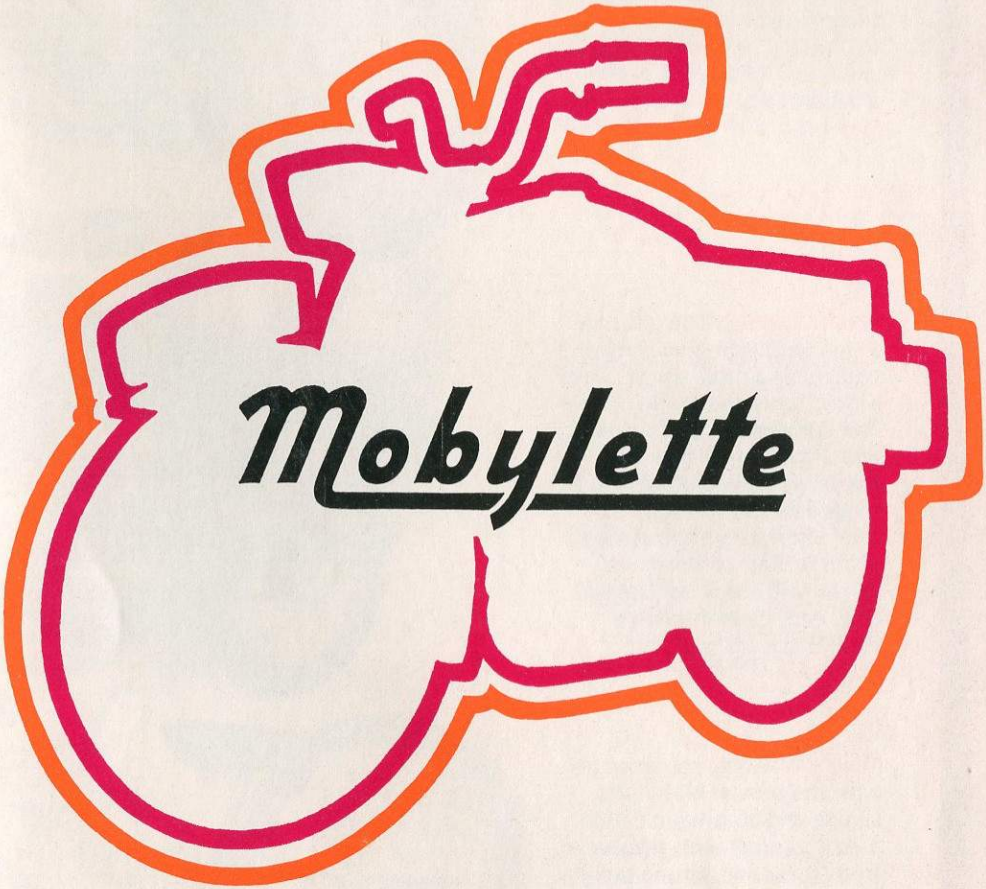
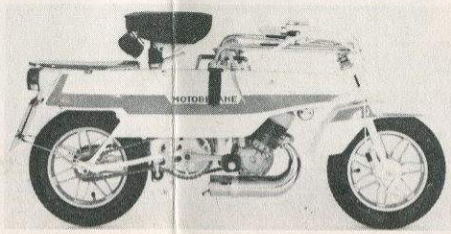
1973



BY MOTOBECANE – THE WORLD'S LARGEST MOPED MANUFACTURERS

MOBY X-1 The new fun bike that's really different – it folds up so you can carry it!

Fully automatic 49cc fun bike, with distinctive styling and ultra-lightweight handling and manoevrability. Only 52" long and 22" high when the handlebars and seat are folded for easy stowage in your car boot, light aircraft cabin or boat. Ready to ride in 30 seconds, to give you 20 mph and up to 140 mpg. Use the Moby X-1 where parking your car is difficult, or on the airfield, or wherever you want simple, automatic transport that's fun!



Right—Stylish cast alloy wheels with drum brakes front and rear.

Far Right—Special filler cap with adjustable sealed vent.

Adjustable seat height.

Mastermatic A superb, well appointed model, with telescopic forks and swinging arm rear springing, dualseat, fully automatic wide-ratio variable gearing, legshields, stainless steel front mudguard, speedo and horn. Finish: Orange and chrome.

Sports 50 The sports moped for the young, or young in heart. Motorcycle-type suspension front and rear, full size fuel tank, dualseat, wide-ratio variable gearing, stainless steel front mudguard, speedo and horn. Attractively styled and finished in Red, Black and chrome.

Duamatic A lavishly appointed machine with telescopic front forks and swinging arm rear suspension, automatic variable gearing and dualseat. Fitted legshields, stainless steel front mudguard, speedo and horn. Finish: Orange and chrome.

Mono 50 Light weight with manageability, the Mono 50 presents luxury springing front and rear, with the simplicity of automatic single speed performance. Fully equipped with speedo, horn, carrier etc. Colour scheme: Blue and chrome.

Sports Speciale The ultimate in mopeds with the safety and control of a motorcycle. Telescopic forks and swinging arm rear suspension, plus dualseat and 2-gallon fuel tank. High performance engine with wide range variable gearing, high level chrome exhaust system, drum brakes, centre stand, carrier with backrest, speedo and horn. Colour scheme: Red, Black and chrome.

Majorette Single speed model with the proven Mobylette engine and automatic clutch. Extra comfort with telescopic front forks and sprung saddle. Fitted legshields, stainless steel mudguards, speedo, horn and carrier. Colour: Red/Ivory or Green/Ivory.

Majormatic Exactly as the model Majorette, except for the luxury of fully automatic variable gearing, to give better all-round performance.

MOBYLETTE - The world's best range of fully automatic mopeds.

Choose Mobylette — Because they're made by the World's largest moped manufacturers, Motobecane of France, who have specialised in mopeds for over thirty years.

Choose Mobylette — Because they're all completely automatic — no clutch or gears to worry about, just accelerator and brakes.

Choose Mobylette — Because they offer the widest choice in this country, from the economical Majorette to the sophisticated Sports Speciale, including the unique Moby X-1.

Choose Mobylette — Because they've been sold and serviced in Great Britain for the past twenty three years. Appointed Mobylette dealers throughout the country provide a complete service for all models.

Choose Mobylette — Because they're easy to ride, economical, reliable and no problem to park — and you don't need a special licence to drive, you're covered by your car licence.

Choose Mobylette — The Automatic Choice!
