The lighter dynamo weighs only 14½ oz., is a 12-pole model, and retails at 15s. 9d. The larger dynamo, weighing 2½ oz. more and priced at 15s., gives a brilliant

middleweight saddles can be double texture Rexine in place of standard genuine Rexine for a small nominal extra.

One of the Minor range of battery lamps, this one retails at 1s. 9d.

NEW HUDSON ..the Bench Built Bicycle for over 50 YEARS

NEW HUDSON LIMITED,
ICKNIELD ST., BIRMINGHAM 18.

ON STAND No2

New Hudson bicycles are Quality Bicycles incorporating many new and exclusive features. They are individually built by fine Craftsmen with the accumulated experience of over 50 years of Quality Cycle Manufacture, and they offer the Cyclist a complete range of Quality machines to meet every cycling demand, from £5:10 or on easy terms. The complete range of 1939 models are on show at our STAND No. 2, at Earls Court, where a very cordial welcome awaits every cyclist visiting the Show, or we shall be very happy to forward a copy of our latest Catalogue on request.
