RUBBER PEDALS

J. A. PHILLIPS have been famous for the manufacture of pedals for more than 65 years. All the vast experience and knowledge accumulated over the years have resulted in the development of the comprehensive range of Roadster, Sports, Tourist and Carrier pedals illustrated in this catalogue. The models differ in style and design but they all have in common the quality and reliability for which the name of PHILLIPS is famous the world over.

PHB 519

PHB 522

PHB 520

PHB 521

Sales No.	Former List No.	Description
PHB 519	H115K	Standard Hub Spindle, Front ($5'' \times \frac{5}{16}''$ with $\frac{3}{8}''$ dia. cones, complete with outside nuts).
PHK 522	H107X	Standard Hub Spindle, Rear ($6'' \times \frac{3}{8}''$ with $\frac{1}{16}''$ dia. cones, complete with outside nuts).
PHB 520	H144K	Sports Hub Spindle, Front ($5\frac{1}{4}'' \times \frac{5}{16}''$ with $\frac{3}{8}''$ dia. cones, complete with locknuts and washers).
PHK 521	H154A	Sports Hub Spindle, Rear ($6\frac{1}{2}'' \times \frac{3}{8}''$ with $\frac{1}{16}''$ dia. cones, complete with locknuts and washers).

The hub spindles shown on this page are specially designed and manufactured for general replacement purposes.

One or another is interchangeable with the spindle fitted to any one of the majority of cycle hubs now in use, and Dealers need not stock a wide variety of patterns to cater for the normal every-day demand.

These spindles are manufactured from the same best quality material, and are precision engineered, exactly as the spindles fitted to Phillips hubs. The cones are made from special steel and scientifically case-hardened and tested.

CABLE BRAKE SETS

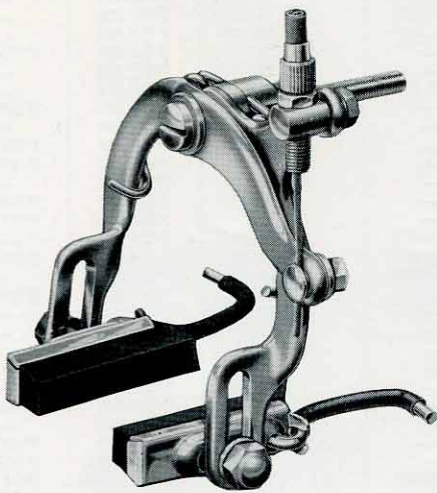

PKA 801

PKB 801

The Vox Populi is still by far the most popular cycle brake in the world. It is beautifully styled and because it is manufactured from best quality steel it is exceedingly strong and efficient. Superfine chromium plating on a highly polished surface ensures a lasting mirrorlike finish.

PKA 815
