The "ART OF Carrying-on"

You may "carry on" at being deprived—for the duration—of the immense benefits conferred by Reynolds "531" and Reynolds extra-light Hiduminium-Alloy Components.

Believe us—these very essential materials are nobly doing yeoman service in National Defence—and Offence.

If you must carry on, on your present machine, even though it is not equipped with Reynolds "essentials," it will make greater your application of ALL that Reynolds will mean to the world of cycling when peaceful days return.

—just "all the world"—
of difference.
