REYNOLDS TUBE, CO., LTD.

No. 146

It seems almost an insult to the intelligence of our readers to remind them that the firm of Reynolds is one of the greatest manufacturers of tubing for bicycles and tandems in the world. Not only in this country, but throughout Europe, the most discriminating cyclists insist on Reynolds tubing on their machines. Many of the crack continental riders, whose deeds are reported each week in *The Bicycle*, ride on machines built up with Reynolds tubes. Each year the firm of Reynolds increases the strength of its products by some new scientific discovery, and this year promises to be no exception.
