*Why the MANXMAN is* **THE CLUB MACHINE**  
*with features exclusive to SUN*

The discerning clubman rightly expects "something better." That is why the Manxman is seen so often on the roads of Britain.

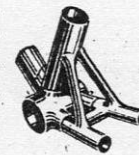

Supplied with Cyclo or latest pattern Tri-velox 3 Speed Gear, and fitted with 'J' taper forks.

The Saddlebag illustrated is not supplied as standard equipment.

SUN CYCLE & FITTINGS CO. LTD., ASTON BROOK ST., BIRMINGHAM 6

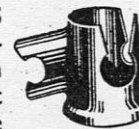

**STRUTTED BRACKET**

Gives greater rigidity and eliminates the "Whip" normally present in frames of conventional design. Particularly recommended where Chain Derailleur gears are used.

**SPECIAL CUTAWAY LUGS**

These new SUN lugs incorporate attractive design with weight saving and yet do not reduce the strength of the frame joints.

SPECIALITIES

Earls

*The only cycle with all the features you want*

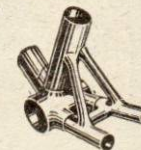

## THE SUN MANXMAN

Specially designed and built to appeal to the really enthusiastic clubman. Made from 531 tubing with pencil stays, Continental forks, fully chromed, new cut away lugs, fluted seat stays and Cyclo 3 or 4 speed gear.

### THE STRUTTED BRACKET

The Manxman Strutted bracket gives greater rigidity at a vital point and eliminates the 'Whip' which is present in frames of standard design. Exceptionally desirable when Chain Derailleur gears are used.
