# The Fantastic Machine Keeps You Out Front!

From the all-new AP50 by SUZUKI. Packed with all the goodies you've been waiting for. And, ready to open an exciting new world of motorcycling pleasure for you. Your very own Moped.

Powerful. Feather-light balance. Sharp styling. Lets you finish in style on a world-famous 2-cycle SUZUKI. You'll be the envy of the crowd. But don't shout out loud. Just start quietly on your SUZUKI!

## Performance

2-stroke, 1-cylinder, rotary disc valve performance. The engine starts instantly. And accelerates quickly with power to spare. A smooth shifting 5-speed gearbox. Keeps you out front. Tough, and reliable with SUZUKI'S own CCI lubrication system that jets fresh oil to vital points constantly, under all conditions.

## Free Crank System

Just a flick of the lever and your Moped becomes a bicycle. Easy to pedal because of a one way clutch. Plus, you get the economy around... manpower. Get this... and more. From your very own SUZUKI AP50.

## Stop and Comfort

Positive braking. Now. Rain or Shine with both front and rear internal drum brakes. Plus you get light, responsive handling from great suspension. Telescopic forks up front. Swinging arm in the rear. Both featuring SUZUKI'S exclusive hydraulic damper.

## Safety, Plus

Safety features couldn't be better. Bigger, brighter turn and brake signals eliminate sneak attacks from the rear. And, the rugged frame will provide long enjoyable years of fun, no matter how rough you punish your machine.

## Styling

Sit in comfort on the soft quilting seat. More freedom. Enjoy the glances of your friends as you fill out the streamline styling. Or take off for new worlds. Your sleek fuel tank holds a full 7.5 litres. Eliminating frequent refueling.
